

PELICAN PAPERS

Hello Fellow NAP Members!

We are getting closer to closing out the summer tour schedule. We just finished a great yearly event at Heritage Museum and Gardens (Cocktails For Cars). Heritage is a wonderful operation for presenting and preserving some of the finest automobiles the world has to offer.

Heritage started Saturday with a driving tour from Heritage Museum and Gardens to Falmouth, beautiful back country roads through Cape Cod! In the evening Evan Ide offered a presentation on the Winton Automobile Company and there was a fantastic dinner included.

On Sunday the outdoor event was cancelled due to a couple of rain drops here and there but Heritage shifted gears and pulled off a fantastic event indoors! Wayne Carini was the guest speaker talking about his early days of car collecting.

Two important foundations were represented at Heritage Museum and Gardens this past weekend; The Bennett Automotive Foundation and the Springfield to Boston Education Foundation. We should give them great support and a shout out for their wonderful work, keeping the youth involved with this hobby!

As you know there are many other car events coming up including Audrain at the Newport Mansions, and Hershey is right around the corner in October.

Past NAP President Parker Roaf will be speaking about Caribbean Packards in November at the Hebron Library for our educational seminar, so stay tuned!

If anyone has any ideas for a technical seminar that they would like to see in the future please Ring Out.

Drive Your Fine Automobiles and Be Safe!
